DELIVERY
Everybody In, Nobody Left Out
Illinois Tollway Building Green

Used 360,000 tons of recycled asphalt

Recycled 11,354 tons of asphalt shingles

Recycled 304,643 tons of concrete

Nearly 946,000 tons of recycled concrete, asphalt and aggregate in the construction of new roads – enough to build an 1,800-mile bike path from Chicago to San Francisco.
2014 BIGGEST Year Ever

- Rebuild 160 lane miles
- Repair 70 bridges
- Build or improve 20 interchanges
